

NEWTON POPPLEFORD & HARPFORD PARISH COUNCIL

20 August 2013

In view of the pulling of the Planning application in respect of King Alfred Way from today's Development Management Committee meeting at EDDC, it is considered by the Chairman of Planning in conjunction with the Clerk that the Planning meeting scheduled to be held on Friday 23rd of August be postponed until the matter of KAW is sorted out. It is considered that it would not be prudent to make observations on the current applications until the outcome of the District Council's decision is known.

I have also been advised this course of action is supported by the Legal Officer at EDDC. I have also received apologies from most members who are unfortunately unable to attend, which would mean the meeting would not be quorate.

D. G. Atkins Clerk
