Under the Openness of Local Government Bodies Regulations 2014, members of the public are now permitted to take photographs, video and audio record the proceedings and report on all Council meetings (including on social media). No prior notification is needed but it would be helpful if you could let the Clerk or Chair know beforehand if you wish to film or record so that necessary arrangements can be made to provide reasonable facilities for you to undertake such activity. This permission does not extend to parts of meetings which are not open to the public. You should take all recording and photography equipment with you if the Council meeting moves into a session which is not open to the public.
