### **Notice of forthcoming works on Webbers Meadow 14<sup>th</sup> June 2021 to 28<sup>th</sup> June (est.)**

Dear Parishioner

Wales & West Utilities (WWU) are proposing to undertake some Gas Main works on the river bank at Webbers Meadow - commencing Monday 14<sup>th</sup> June 2021 - and they will be arranging the necessary safety measures in light of the heavy plant and equipment (and materials) which will be required to complete the project.

Contractors working for WWU will provide their own signage, fencing and equipment to clearly show where access will be required (and where members of the public will be excluded from during the duration of the works).

The Parish Council wishes to apologise for any inconvenience caused to visitors to Webbers Meadow during these essential Gas Works and respectfully asks members of the public (especially those who would usually use the riverside paths) to be mindful of works ongoing and follow any diversion signs put out by WWU contractors.

If you have any questions regarding the works, please contact the Clerk to the Council, Paul Hayward, on 07711 929227.

Kindest regards

*Paul Hayward*

Paul Hayward, Clerk to the Parish Council
