Dear Paul

Here are the crime figures for September 2018:

3 common assault.  
1 Drink driver.  
2 possession of drugs.  
1 Sexual.

This compares with:

1 common assault and 2 thefts from same period last year.

Not much else to report, we continue to do speed checks particularly on Station Road and Collation Raleigh Road and I have started to try and progress a speed watch for the village (again) as a number of residents have asked about it.

We do have another Police officer on the team now, Steve Harrington, who once he has got his feet under the table will come along to a meeting to introduce himself.

Kind regards.
